PrevenTRON

This study is looking at ways to prevent or slow down Alzheimer's Disease.

You may qualify for the PrevenTRON study if you:

- Are 55 - 80 years old
- Have not been diagnosed with mild cognitive impairment, Alzheimer's disease or dementia
- You are interested in learning about your risk of developing Alzheimer's disease
- Have a partner, relative, or friend who has at least weekly contact with you and is willing and able to attend study visits with you
